I fear Mr Cook's proposals are open to much objection. The scale of establishment will barely allow of suitable promotions as being given on the occurrence of vacancies without alteration of the sanctioned scale of pay. The increase of pay to the 2nd Gardener if approved can only be sanctioned this year if reappropriation is possible

General & Revenue Departments

Sir,

I have the honor to inform that the first Chemistry Laboratory Peon R Narasimhaiya died on the 11th of last month His pay was Rs 9/- I beg to propose that the pay of the new Peon that I have taken in his place may be only Rs 8/- and that I may be allowed to add the Re 1/- saved to Class Peon B Ramaiah who has now got Rs 6/8 so that he may have Rs 7/8 as he is the College Peon for the early morning hours upto 12 noon and he is of much use in connection with Laboratory assistance and other things when I visit the College in the morning as I very frequently do

(2) I have the honor to request that the pay of the second gardener which is only Rs 6/- may be raised to Rs 7/- as he is really better servant than the head Gardener though the latter has Rs 8/- and has put in many years of service Otherwise, I might make the pay of both gardeners alike viz, Rs 7/- The gardeners have a deal of work to do do not only in connection with the large College Compound but with rearrangement of seats etc for examination inside the College and they do all the distilling of water for the College Laboratories which would cost a very great deal more if it had to be got from a local Chemist, and for which in many Institutions they provide a special Peon

Moreover, I find that servants of the peon and gardener class are paid better in other places for example in the Lalbagh and this

no doubt is the explan tion of th very frequent changes of peons that I have had in the College for some years back

Requesting that orders may be kindly passed soon

I have the honor to be,

Sir,

Your most obedient servant,

Principal
